Hope this finds you well. My name is James Hulik, 1<sup>st</sup> Sgt, USMC (ret). My father William 'Wasył' Hulik served in the US Navy from the later part of World War II through the early 70's. He passed in 2004 but recently I came across the attached photo in one of his many albums. It appears to be the Des Moines underway but unfortunately I do not know the location or the exact date the picture was taken. My guess is the early 1960's. Just thought you and your shipmates would be interested. Thank you for your service, *Semper fidelis!*
